WOMEN in Science

At TECHSiL, we understand the importance of recognising and empowering women in science.

Our commitment to fostering an inclusive environment is not merely a corporate responsibility; it is a core value that drives our mission.

Honouring Contributions and Supporting Future Generations

We believe that diversity in the workforce leads to innovation, creativity, and a deeper understanding of the challenges our world faces

INTERNATIONAL DAY OF WOMEN AND GIRLS IN SCIENCE

Letter from the MD

Every year, the **International Day of Women and Girls in Science**, observed on February 11th, shines a spotlight on the remarkable achievements of women in the fields of science, technology, engineering, and mathematics (STEM).

This day serves as a reminder of the ongoing need for gender equality and the empowerment of women in the scientific community. In this article, we will highlight the commitment of organisations like TECHSiL to support women's development in these important fields.

With the support of Diploma PLC, TECHSiL are committed to fostering an inclusive environment where women can thrive. We are championing women's development and ensuring that **women have an equal standing chance in the competitive world of specialty adhesives technology and engineering**. Up the TECHSiL Women!

Managing Director

Chris Dilley

Behind the Scenes

TECHSiL engages in a variety of initiatives aimed at supporting the development of our female employees.

We offer mentorship programs that **connect aspiring scientists with experienced professionals, creating a supportive network that encourages growth and collaboration.** These relationships help to build confidence and provide the guidance necessary for women to excel in their careers.

Business that **EMPOWERS**

Celebrating Staff
Success

BY EQUIPPING OUR FEMALE EMPLOYEES WITH THE TOOLS THEY NEED TO SUCCEED, WE ENSURE THAT THEY ARE PREPARED TO TAKE ON LEADERSHIP ROLES WITHIN THE COMPANY AND BEYOND.

Our commitment to promoting women in science extends to partnerships with educational institutions and organisations that advocate for gender equality in STEM fields. **By collaborating with schools and universities, TECHSiL actively participates in initiatives that inspire young girls to pursue careers in science and technology.**

BY SHOWCASING FEMALE ROLE MODELS AND THEIR CONTRIBUTIONS, **TECHSIL HELPS TO CHANGE PERCEPTIONS AND ENCOURAGE YOUNG GIRLS TO ENVISION THEMSELVES IN SCIENTIFIC CAREERS.**

This commitment to representation is crucial in building a future where women are recognised and celebrated for their talents and innovations.
